Newsletter – October 2026

School Fundraiser

Our 6th Annual School Auction is scheduled for Saturday, October 10th. Please plan to attend this event held at school. Also, tell your family and friends about the auction. There will be plenty of food, children's activities, and auction items to purchase. You can preview the items on the school website or the school Facebook page. The auction will take place in the gym, and chairs will be provided. The auction will begin at 4:00 PM. Food will be available beginning at 3:00 pm.

The proceeds from items sold at the Auction will go towards our Operating Expense Fund.

Golf Tournament Fundraiser

A big thank you to Eric Burkholder and those who supported and participated in the recent Golf Tournament Fundraiser for GMS. We had a good turnout and were able to raise \$15,000.00 for the school.

Sycamore School - <https://app.sycamoreeducation.com>

Sycamore School is a web-based Student Information System (SIS). Sycamore School basically brings everything related to school operation, management, and record keeping into one place. While it has many features and options, we are currently mainly using it for grade keeping, attendance, library, and events (calendar).

I encourage you to log in and click around to familiarize yourself with it. This is a tool to help you stay more in touch with your student's academic progress. If you have never received an invitation to access the Sycamore website or have previously utilized this resource but are now unable to, please contact the office and we will have another invitation sent to you.

Newsletter on Website

As last year, the school newsletter is available on the website. Also, an updated school calendar has been added as well. Both the website and the Sycamore calendars are the most current. Check these calendars for event dates and times!

Bible Memory

Bible memory is an important part of the Christian school experience. We feel that Bible Memory can help students long after they leave Gehmans. This year the students are memorizing Matthew 5-7. Bible memory is something that is not only worked on at school, but it is vitally important that this be worked on at home. Here are some pointers that may help you as you work with your students:

-Since all students are memorizing the same passage every week, review it during your family devotions and prayer time.

-Have you and your child review Bible Memory while waiting for the bus to arrive.

-Another unique opportunity that is available is the Bible memory put to song. This also helps the students review. Here is the link to review the Bible memory by song:

Parent Teacher Conferences

It is time to begin planning and scheduling the annual conferences between parents and teachers. These conferences are planned to take place on Monday, November 9 and Tuesday, November 10. Please save the date! This time is geared towards evaluating the performance of student(s), communicating what your family's experience is at GMS, and establishing healthy expectations. To aid in the scheduling of time blocks for each of your children, please return the form that was sent home by this Friday, **October 9**. You will later receive the schedule for your family.
